Council To Meet Bi-Weekly; Fire Truck Bids To Be Called

First reading of an amendment to administration ordinance changing city council meetings to twice monthly starting March 29, was given at the city council meeting Monday night. City attorney Joseph Bonacina was also authorized to prepare invitations to bidders for the new 1,000 gallon pumper addition to the city fire department.

Invitations to bidders will include requirements for four equal rental payments. The first is to be made on delivery of the vehicle, the second on or before 60 days after delivery. A third payment, it was agreed, will be made at the beginning of the third fiscal year and the fourth in 1958, with an option to buy at any time at the depreciated value. Mayor Morton and the council agreed that rental payments should be made as soon as possible and in as large amounts as possible in order to keep interest payments at a minimum.

Parade permits were granted by city council to the Campbell Chamber of Commerce and the Campbell Kiwanis Club for Old Settlers' Day on the condition that more specific information be furnished by the applicants as to time and route of parade. Councilmen also agreed that no business license tax would be required for both operations under sponsorship of a charitable organization.

Weekend rains, LeRoy Black of Campbell public department said, had caused widespread road damage. The police department was requested to contact the contractor installing curbs and gutters on North First Street to provide proper barricades and lights for excavations that had been made after several complaints had been received by city officials. Mark E. Thomas, city engineer, said he is working on plans for a seal coat and repair of city streets, and Black reported that there were a number of intersections that should be included in these plans.

Ainsley corporation submitted a paving bid for repair of streets in front of its Campbell avenue and Foote property, and offered to pay one-third of the cost. Council also received a written communication from Police Chief Robert J. Locke concerning a damaged sidewalk in front of Tony's Busy Bee and Campbell liquor and Sporting Goods Store on Campbell avenue. The matters were referred to the streets and highway committee and the public works department for action.

In reply to a request for a lower business license fee for Hunts Foods Inc., the city attorney reported he had requested the firm to submit a sworn statement on extent of their present activities, to discover if they would come under the unclassified section of the zoning ordinance calling for a \$25.00 business license fee rather than the \$100 heavy industry fee.

The city attorney reported that he was in the process of preparing a resolution setting the polling place and designating officers in the coming city elections. The city clerk was directed to secure the names of experienced workers from the county registrar and to contact them by telephone to see if they were available to serve on the election board. It was agreed that polling places would remain the same as at previous elections, located at the High School and Grammar school, the Campbell Fire House, 41 North Central avenue and the Campbell Baptist Church, 115 Sunnyside avenue.

Rotarians will hold a simple round table for visitors at their regular meeting time next Monday. Campbell Rotarians will celebrate the Old Settlers' Day program instead.

Neal Royer Directs Drive For Red Cross

Neal Royer, principal of Rosemary school and head of the Red Cross drive in Campbell for 1954 said today the Campbell goal has been set at \$4500 for the drive which starts March 1.

The Campbell area for the purposes of this year's campaign is composed of roughly the same territory as that of the Campbell High School district, and for systematic coverage it has been broken down into districts that approximate those in the local elementary school districts, he said.

Chairmen of various districts are being appointed now, Royer said, and will be ready to canvass their assigned areas on the first of March.

In addition to a thorough canvass of the district, a Red Cross office has been set up at 273 East Campbell avenue which will be staffed with a volunteer every week day from 10 a. m. to 4 p. m. to accept Red Cross donations, from downtown shoppers, to answer questions and give out printed information on Red Cross activities.

Ellen Lanphear has volunteered to solicit donations from the downtown business and professional area, Royer said.

Parking space for over 500 cars has been made available, Robinson said, in the area west of the gym, back of the CUHS tennis courts. The dance committee has also arranged for three auxiliary police to patrol the area to guard vehicles and property.

CUHS Future Homemakers will operate the checking stand and refreshments will be available, under the direction of Ethan Lanphear of Campbell Kiwanis Club.

RAINS SWELL SEASON TOTAL

More than two inches of rain fell in the Campbell area over the past week, the Campbell Water Company reports, in the largest single rainfall this season.

The station had recorded a total for the season at five o'clock last night of 8.13 inches, still short of last year's normal this date of and that of the year before of 9.93.

The wettest season in Campbell at this date was in 1951 when 17 inches were recorded. Driest year of all was in 1947 when only 10.24 inches had fallen for the whole season. Even so, on the February 18 date, 1947, 8.11 inches had fallen, less than Campbell has had so far this season.

In spite of the heavy rain during the week at least seven more inches must fall by the end of the season to equal the area normal of 15.02.

Legion Sponsors Willard Crane In Speaking Contest

Campbell Post 596, American Legion is sponsoring Willard Crane, senior at Campbell Union High School in the 13th District American Legion Oratorical contest to be held Friday night, February 19th at Los Gatos Union High School at 7:30 p. m.

Crane will speak on the Constitution of the United States.

UNDER THE GASLIGHT the five act melodrama to be presented by the Footlighters at Campbell High School on Saturday night will have ten sets under supervision of this committee, who are, right to left: Ethan Lanphear the designer, Phil Costenino, former star performer who has just returned from services in the marines, Bert Legg and Ernie Leick, set committeemen.

Parade, Dance, Show To Be Features Of Four-Day Celebration In Campbell

Everything is in readiness for the Old Settler Day observance in Campbell starting tomorrow and continuing through Monday. Committee members expect one of the largest turnouts in the 62 year history of the event.

The grounds of the Campbell High School will have a carnival atmosphere as booths are set up to be operated Friday, Saturday and Monday. Lunch will be served the public in the cafeteria at a very low cost. A basketball game, Campbell vs. Los Gatos High school Friday evening will be followed by a dance.

Two Areas Seek West Side Hospital Dist. Withdrawal

Two areas within the proposed West Side Hospital district have started withdrawal petitions, one being at Saratoga and the other being contiguous to Campbell, embracing Winchester Road to Meridian and Hamilton avenue to Moorpark avenue. This was brought out last night at a meeting of the district directors at Los Gatos. Petitions would have to be filed with the board by March 17 in order to precede the next tax levy, it was brought out.

Last night a proposal was made to finance the project by a direct tax rather than by a bond issue. A bond issue has been rejected twice by voters. William Mattenberger, board chairman said a 50-bed hospital is being considered at a cost of \$600,000. District assets now are \$87,000 of which \$22,000 is property.

Campbell Growth One Of Fastest On Pacific Coast

That Campbell in the last eight years has been one of the fastest growing telephone exchanges on the Pacific Coast was the statement made Tuesday noon before the Campbell Kiwanis Club by Bill Williams, official of the Pacific Telephone and Telegraph Company, guest speaker.

Tracing its history, Williams said the first telephone was installed in Campbell in 1897. There was slow growth for the next thirty years when in 1937 there were but 302 telephones served by the Campbell exchange. Today there are 6004 telephones served by the Campbell exchange, 566% increase in eight years. Eight years ago there were 35 telephones for every 100 people while today there are 64 for every 100 here. The company investment here in 1946 was \$150,000 while today the investment is \$1,500,000 an increase of 850%, with 350 tons of equipment installed at the exchange. In 1945 there was an average of 3500 calls made daily in Campbell while today there is an average of 18,000 daily.

With this growth has come problems, Williams said, pointing out that in the Quito section there are today 200 holding orders awaiting service, and a few months ago as many as 1100 holding orders in Cambrian Park. The service, except for the Quito line, is now in good order.

Williams told of scientific developments by the company which have been found valuable to the government.

On Sunday nine local churches will have worship services recognizing rich heritages of the community, some of the congregation expecting to come in early day attire.

Monday is the Old Settler Day main event featuring a parade with Ira Grim, parade chairman, and Henry Jewell as grand marshal. The parade assemblies by the Campbell Press building at Campbell and Dillon avenues, the line of march being on Campbell avenue to Carlyn avenue then to the reviewing stand. Grim said more than 1000 people will be in the parade, many in marching units. Judges will be Sal Millan, Miss Ruth Poindexter and Charles Goodman all of San Jose. The complete list of parade entries will be made available Saturday showing assignment of each entry. The parade classifications are: Military, civic, industrial, commercial, Junior and high school groups, mounted groups, Novelty and miscellaneous groups embracing seven sections. There will be a junior parade for children of grammar school age preceding the general parade.

Grim said one hundred trophies are ready for winners.

In the juvenile section there will be awards for boy scouts, cub scouts, girl scouts, brownies, camp fire girls, bluebirds, majorette groups, drum and bugle corps, riders both mounted and single, junior floats and for outstanding unlisted entry.

In the general parade section, awards will be for bands from high schools, organizations and military; drum and bugle corps from the same sources, marching units also from the same sources. There will be a sweepstakes award for the floats and two firsts for commercial, organizational and school floats.

The winners of the king and queen contests from both high school and grammar school will ride in separate floats with attendants. Winners of the high school contest will be decided today and they will be crowned at the dance Friday night. Winners from the various grammar schools will also be named today and they will be crowned at the school which they represent.

The 1954 Old Settler's Day celebration is under sponsorship of the Campbell Kiwanis Club. Each year it is sponsored by a different group. The celebration began 62 years ago and has been held regularly on February 22 each year since. General chairman for this year's program is Laurence J. Hill, high school superintendent.

On the Central committee are Milton Nelson and Henry Jewell. On the morning program are Herb Shadle and Mark Purmort while Councilman Joseph Gomes has charge of the afternoon program, Martin Walsh of the whistering contest, Norm Corvello and Rex Jeffers on publicity, Wayne Fontes, Phil Maxfield and George Kemp on the king and queen contest. Bill Enochs heads the finance committee and Ira Grim the parade. Rev. Herbert Neale is in charge of the Sunday program and C. P. Klassen is in charge of the carnival assisted by Kathleen Bull, Wes Berg, Robert Culp, George French, Eugene Hines, George Misakulin, Albert Smith and Charles Stephens.

Ken Robinson is in charge of the dance, Dean Chamberlin of the Footlighters play.

Fourth graders of Cherry Lane school will visit the San Juan Batista Mission February 27th. Several mothers will accompany the children who have been studying the various California Missions and the colorful history surrounding them.

EDITORIAL

OLD SETTLERS' DAY

Next Monday is Old Settlers' Day in Campbell. It began sixty-two years ago to honor some of the founders of the town and it has been continuously observed on the same date each year.

In a way it is the same Campbell as it was in the old days of settlement. The same rich land, the same invigorating climate, the same blue hills — Campbell is materially the same.

Now there are macadam roads and we are talking of making them of four lanes; there are cars and tractors and airplanes moving about; there are deep-freeze units, televisions and radios in weather-controlled homes and there are hundreds of other changes which man has found most practical for easier living. The old settler was the pioneer, the real opportunist in Campbell for it was he who built its foundation. Turn back the pages of time if you will and there you may find the old settler with his plowshares, his horse and surrey, his well-laden table and his meager but secure income from the crops of his land. The old settler had no one watching his income and taxing his every profit; he feared no annihilation from a sneak aerial attack; his life was plain and full for he was on the threshold of progress.

Time marches on. Some day, perhaps sixty-two years hence, you too may be an old settler; you may be identified as one who provided the schools, the roads, the industry which have been necessary for a new generation. We are here, you and I old settler, to write our pages in the book of progress. It is not the date, but how well we have done our work that matters, in this book.

HAIL TO THE BUCS!

Not often does a High School the size of the one in Campbell have three championships credited to it in one week's time, yet that was the experience here last week. It is not alone sufficient to note that the varsity basketball team won the Santa Clara Valley Athletic League title and that the wrestling team won the same league title and the Northern California championship. The good sportsmanship by each contestant and the spirit manifested by the school rooting section are also noteworthy factors for which we all may be proud.

These were clean-cut victories for the Campbell teams. Against some of the weaker opposition, the scores could have been made higher in the case of the basketball team, but the coach knew that it was teamwork, rather than individual scoring records that was the more important.

Hats off to the Bucs for a championship season and for their constant display of good sportsmanship. And cheers for those who led the rooting section; they not only kept the school spirit up but they found time to give encouraging cheers to visiting schools.

IN HUMILITY IS A NATION'S GREATNESS

Charlie Gubser, who represents Santa Clara County in Congress sent a message to the Campbell Press today about a meeting at a downtown hotel in Washington just attended by himself, the President, the Vice-President and other top government leaders, diplomats, business and civic leaders. It was not a social occasion. These men came together to pray and to seek communion with God.

Congressman Gubser said that nothing this government could do would furnish a more effective answer to God-less communism than this simple act of government leaders.

Those who have proudly accepted the burden of responsibility for national leadership and beyond that for a free world, have not lost their humility before God. They have given full recognition to the power of prayer.

There is a poster that hangs framed in the White House office of President Eisenhower. It shows a kneeling Uncle Sam, his hands clasped before him in prayer imploring the Lord for faith, new strength and new courage in the battle for peace. It is captioned, "America on its knees . . . not beaten there by the hammer and sickle, but freely, intelligently, responsibly, confidently, powerfully American knows it can destroy communism and win the battle for peace. We need fear nothing or no one . . . except God."

"I came away deeply moved," Gubser wrote. "Men who know how to pray before starting another arduous day's work need fear no enemies. Faith in God will overcome the pseudo-philosophy of materialism any time. Let the Reds rave about dialect materialism. Our own leaders trust in the Lord, and an inspired, devout America prays with them."

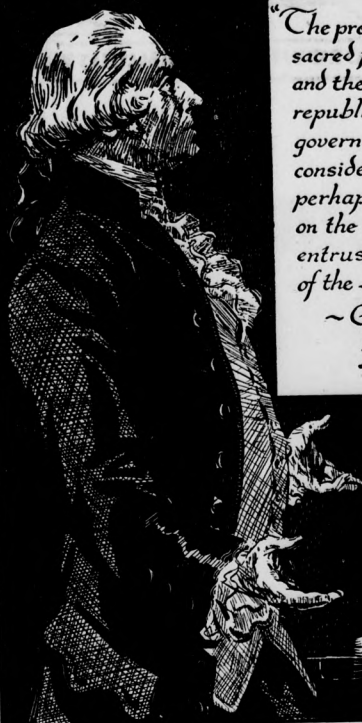

CALIFORNIA AND THE AIR FORCE ACADEMY

Strong support is being given from Bay Area civic organization toward Camp Beale at Marysville as the site for the proposed Air Force Academy. Several sites in California have been mentioned but unless the bidding within the state ceases, the site may be assigned to some other state. Camp Beale was the California site selected by an earlier commission which shows that it has military value. Once set up the academy will be the equivalent of the Army's West Point of the Navy's Annapolis, its function being to train officers for the regular Air Force. The first class is scheduled for enrollment in the summer of 1955.

Seems that the sensible thing to do is back the site already approved by a military commission and make certain the Academy comes to California.

Moreland Dancers To Meet Mondays

The Moreland Folk Dancers at a business meeting Wednesday changed their meeting time to Monday evenings at the Moreland School, corner of Payne and Saratoga avenues. The last Friday of each month is to be family party night at which members, guests and their families may participate.

A drive to recruit new members will be carried on in March and registration for the third semester will be held in April. The group is composed of beginning and intermediate dancers. Instructor is Jim Hall of the Moreland School faculty.

Former CUHS Student Receives Medal In Japan For Initiative

Donald Winston, son of Mrs. Marion Winston, art instructor at Campbell Union High School, has received a commendation medal at a special ceremony at Tachikawa Japan Air Force Base.

The award, commending special effort and initiative, was presented for originating a special school for the orientation of non-commissioned officers.

Winston, a 1949 graduate of Campbell Union High School, and a former student manager, expects to arrive home some time in May, his mother said. He has served with the United States Air Force for the past two years.

There were 2437 new subdivisions opened in California during 1953 which number was 17 more than opened in 1952. Doesn't seem that the trend is toward a depression from this record. In Santa Clara County alone there was a substantial increase in the number of new subdivisions in 1953 over the previous year.

The Campbell Gambol

SIGNS OF THE TIMES in the window of the Campbell Hardware Store are reflections of the good old days with displays of old-fashioned kerosene lamps some with reflectors; old fashioned telephones with side cranks; samples of early day mail boxes—tiny ones about the size of a small loaf of bread and some aluminum monsters large enough to hold a side of beef; a wooden hayrack, and old fashioned washtub and a thunder mug . . . in Cy Penhall's barber shop in the middle of the same block are pictures of Campbell residents with lush facial adornments, this being the place for contestants to register* for the whickerino contest . . . Judge Martin Walsh nabbing all clean-shaven men to pay a buck for a whickerino permit to escape the hoosegow ordeal on Monday . . . dancers rehearsing of the Can Can in the Footlighters play "Under the Gaslight" to be staged this Saturday night and beautiful Pat Taylor, Nancy Daniels and Jean Miller as the Gibson Girls, Dean Chamberlin giving hours of his time as director, ten stage settings already having been completed for this play . . . the scores of king and queen contestants talking up the play and also the dance Friday night when Bob Berry and his orchestra will be featured with vocalist lovely Ronnie Dexter direct from Coconut Grove in Santa Cruz and recently featured at the Last Frontier in Las Vegas . . . members of the Campbell Garden Club scouring around for Kwanzaan cherry trees in bloom with which to decorate their float in the parade on Monday which float will carry the banner, "Let's Blossom Out" . . . Ira Grim shuffling papers for some 150 parade entries and more coming each day saying that already more than 1000 people will be in the parade to say

nothing of the horses and the early day cars . . . there are 35 trophies and 100 ribbons for parade winners . . . Rev. ONE RECORD WE won't want to break this year is the rainfall total for 1947 which only measured 10.24 inches, but we are less than two inches below normal to date . . . the rain over the week end added 2.25 inches to the season's total, dropped a few blossoms but gave the parched land a much

needed drink . . . most people are saying here they hope it doesn't rain on Old Settler Day next Monday . . . rain waters rushed over some of the streets because storm sewers had not sufficiently flushed out, someone's old Panama hat partially clogged up the works at Campbell and Railroad avenues.

Garden Club Members Enjoy Colorful Film

A colorful sound movie of African Violets and Gloxinias was presented at the Wednesday meeting of the Garden club in the Country Women's Club house.

The film "How to Grow Beautiful African Violets and Gloxinias" is a release of the California Spray Chemical Corp. of Richmond, California and related visual how-to-do-it aids in the culture and handling of the beautiful house plants.

Many of the new varieties of African Violets were shown for the first time, with at least 50 specimens shown during the film. Shaffer's Tropical Gardens in Capitola, California; Antonelli Brothers of Santa Cruz, and the Orchard Nursery in LaFayette, and numerous private homes throughout California provided the settings for the film. All three of the outstanding hybridizing nurseries shown are leaders in African Violets and Gloxinia fields.

Plants of the Gesneria family have become extremely popular in recent years, and the film provides the gardener with scientific pest control advice, as well as cultural and hybridizing methods.

Mrs. Lloyd Brown conducted the past meeting of the Garden club at which time Mrs. Herbert Binley and Mrs. George Kolze were named as chairmen for the Spring flower show and tea. Mrs. Kolze will be in charge of the show section and Mrs. Binley will hostess the tea. Committee selections will be made at a later date.

The club voted to be represented in the Old Settlers' Day parade by entering a decorated automobile, abloom with Kwanzan Flowering Cherry Trees. The theme selected "Let's Blossom Out" will be carried throughout the entry.

New members welcomed into the group were Mrs. R. B. Edwards and Mrs. J. J. Jones. Guests of the day were Mrs. T. F. Mahaffey, Mrs. D. L. Beltz and Mrs. J. Guglielmetti. Each was gifted with a corsage by the member who presented them.

Mrs. Charles Smith, program chairman, introduced Pat Antonelli of the Begonia Gardens in Capitola, who spoke on the planting and care of begonias. He displayed various types and colors of begonias, which he later presented club members.

Kwanzan Trees Given To Schools By Garden Club

Last week Hamilton School received its gift of Kwanzan Cherry trees from the Campbell Garden Club.

This week trees are being delivered to Cherry Lane and St. Lucy's Parish Schools. The bare root trees are still available at local nurseries and people of the vicinity are being urged to get their trees planted as soon as the ground is dry.

These Kwanzan Cherry trees are the same trees that have made Washington, D. C., a mecca for tourists in the spring time. The Garden Club hopes to make Campbell a similar beauty spot.

Up to this season the Club has made gifts of around two hundred trees to the different schools and Churches.

The special Tree Project committee for this year consists of the Club President, Mrs. Lloyd Brown and chairman Mrs. Fred Smith assisted by committee members Mesdames Moore, Prolo, Parysek, Blohm, Bloemer, Kolze, Vick, and Bykoski.

The Committee is urging all Campbell Community residents to plant at least one or more of these flowering trees in their yards—they will be well rewarded by the beautiful pink blossoms in late Spring.

Young Woman Of Year Trophy To Be Awarded March 10 By Jaycettes

Mrs. Ed Irvine, 890 Arnold Way, Campbell, will be a hostess at the March 10 banquet at which San Jose Jaycettes award the coveted Young Woman of the Year trophy.

The affair will be at the Country Club. Those from this area who would like to attend should contact Mrs. Leo Bianchi, 21431 Val Avenue, Cupertino.

The Young Woman of the Year award was initiated three years ago by Jaycettes, auxiliary to the San Jose Junior Chamber of Commerce. Previous winners have been Mrs. Maxine Smiley and Mrs. Steffi Abbott Sims.

Patterned after numerous Young Man of the Year awards, it is believed to be unique for women's groups. However, the San Jose group has been contacted by numerous clubs since the first presentation and it is anticipated other cities will copy the idea.

Any individual or organization may nominate a candidate until February 28. She must be between 21 and 26 years of age and have been in community activities in the San Jose area during 1953. Nominations forms may be obtained from Mrs. Leonard Wade, CYPRESS 5-5171, or from Mrs. John Pace, AXminster 6-9388.

A panel of judges, made up of outstanding women, will make the selection. Their identity will be secret until the night of the award.

Profile of The Week

This column attempts to acquaint Campbell residents with the background of most of its leading citizens, to make for a greater interest in the activities of the Campbell area.

Pictures from the files of the Campbell Press will be drawn, by lot, for the first of the articles. When this supply is exhausted, pictures of newer residents will be taken, to run in conjunction with stories.

Claude Smith, real estate agent associated with L. W. Harmon's Campbell Realty Company since 1946, when he came to Campbell,

has been active in the Campbell Lion's Club and in the First Baptist Church of Campbell.

Only two of the seven children of he and his wife, Ida, are at their home, on 63 North First Street; the rest have married and moved away. Bill Fryer, 22, who lists his home address as that of his mother, is now serving with the United States Army at Fort Ord. James, 19, will be a graduating senior at Campbell Union High School this year.

Other children include Elmer, 35, of Visalia; Bill, 30, of Birmingham, Alabama; G. A. Smith of North Central Avenue, Campbell; Juanita, of Pollard Road, and Ray, who lives at 250 South Winchester Road, Campbell.

Before becoming associated with L. W. Harmon, Smith owned and operated the Shell Service Station at the corner of Winchester Road and Campbell Avenue. Before that, he worked at Pacific Signal Company of Los Gatos, and at Hendy's in Sunnyvale, now the location of the Westinghouse Plant.

Earlier, in Oklahoma, where he was born and reared, he operated a 400-acre livestock and general agricultural ranch, followed by general merchandising work in different parts of the United States.

He is a rabid baseball fan, and when younger, played in twilight baseball leagues.

He also spends some spare time hunting and fishing, when time from business, club activities and weather permit.

I chose my wife, as she did her wedding gown, for qualities that would wear well.

Coach Robinson's Varsity Cage Squad Annexes Second Straight SCVAL Crown

Coach Bert Robinson's Varsity Buccaneers are now for the second straight year Santa Clara Valley Athletic League Basketball Champions. They acquired the title last Friday night when the Buc's turned back the Santa Clara Panthers on their own hardwood floors 38 to 48. In the first period of this league encounter the Santa Clara Panthers remained only one point behind the Buc's (Score by quarters, 1st 11-11; second 19-18; third 33-32). However in the final period the Buc's held their opponents scoreless through most of the quarter as the crowd went wild. The Panthers were out-scored 15 to 6 in this period, and there was absolutely nothing they could do to stop the Buc's stampede. Center Tom Hansen again led his team in points as he tanked up 15 points, followed by forward Ken Beth with 10.

Campbell Buc's, 1954 champions of the Santa Clara Valley Athletic League take on the Los Gatos high school in their final encounter of the season tomorrow night on the Campbell courts.

The varsity team, champions for 1953 and 1954, have a smooth working group who have played to capacity crowds all season. Coach Robertson, named high school coach of the year for Santa Clara County, will start his first string team and may face some stiff opposition. Because of the outstanding work done by the team, a large crowd is again expected.

Signalling Device Manufacturing Co. Leaving Los Gatos

Officials of Pacific Railway Signal Co. announced today that they plan to construct a \$100,000 plant to manufacture railway signalling devices on a site located on the Southern Pacific railroad about one-half mile south of Morgan Hill.

Present operations of the company are conducted on a small site in the hills near Los Gatos. Decision to move the plant to Morgan Hill was occasioned by the necessity for obtaining more land than was available in the Los Gatos area for future expansion.

In addition to making railway signals the company also manufactures flares and other highway warning devices. Pacific Railway Signal Co. is an affiliate of Olin Industries, Inc., whose home office is located in East Alton, Illinois.

Commencement of construction is dependent upon obtaining a use permit from the Santa Clara County Planning Commission, and their application will be considered by the Commission at its meeting of February 17. The application indicates that construction will be completed before the end of 1954.

Company officials stated that the plant will employ between 40 and 50 persons on a full year-round basis.

Wrestlers Add Sports Laurels

Campbell High School athletic teams are on the way to equalling last year's record of five championships in Santa Clara Valley Athletic League competition.

Already, Buc squads have added three championship crowns to their bulging showcase, for football, basketball and wrestling. Now track, tennis and golf teams are in the planning stage offering further opportunity to add to their laurels.

Last year, Buc teams were supreme in SCVAL in football, where they shared league honors with Fremont. They also took both varsity and lightweight honors in basketball, and were league champions in wrestling, tennis and golf.

Last week Ken Duddridge's Buc matmen added two more trophies when they (1) clinched an uncontested SCVAL mat championship with their 29-13 victory over the James Lick High School Comets, their 12th straight victory in dual meets and (2) copped the northern California High School wrestling tournament at Santa Cruz with heavyweight victories over Santa Cruz, Tulare, and Fresno high schools.

Scout Troop 28 Enjoys Trip To Yosemite Snow

Twentyfive boy scouts of Campbell Kiwanis Club sponsored Scout Troop 28, accompanied by Mr. and Mrs. William B. Enochs, Mr. and Mrs. Ed Merrill, Mr. and Mrs. Laurance J. Hill, Mr. and Mrs. Lloyd Brown, Mr. and Mrs. Merle Dodd, and Mr. and Mrs. Homer Hyde, enjoyed a weekend in the snow at Yosemite, tobogganing, skiing and playing and all reported a wonderful time.

The snow caravan left Friday morning at 7 a. m. in six private cars and a truck driven by Homer Hyde and stayed until Sunday. Each patrol was housed in a separate cabin where they did their own cooking and camping.

For many of the scouts it was the first time they had been in a snowstorm and the sponsors reported the boys made the most of it.

Lloyd Brown and Merle Dodd were the leaders of the group and the following Scouts attended:

A trio of hefty Bucs put the climax on the annual Northern California High School Wrestling tournament at Santa Cruz last Saturday, pinning their opponents and thereby scoring enough points to win the championship for Campbell high school. It was the first time the school had sent a team to the tournament.

The Buc grapplers tallied 31 points to runnerup James Lick's 22. Fremont finished third with 13, Los Gatos had 10 and Santa Clara trailed with 3.

Russ Camilleri, wrestling at his best, kept up his undefeated streak by pinning his opponents in the tournament and the finals. Camilleri has been undefeated for two successive years. Russ, with Higa, Vossler, Balzer and Webb, will be the seniors who have played a tremendous part on the team and who will be greatly remembered for their outstanding ability of wrestling and sportsmanship.

Higa of Campbell lost in a decision to Valente of Hayward in the 112 pound go as did C. Vossler in the 138 pound division to Ishian of Roosevelt in Fresno.

In the last three matches, Callo-way of Campbell decided Farrell of Santa Cruz for the 165 title, Camilleri pinned Crouse of Tulare in the 175 pound skirmish and Ron Webb decided Fox of Roosevelt, Fresno in the 191 pound classic.

On Thursday the Coach Ken Duddridge's wrestlers triumphed at Los Gatos for the SCVAL title.

American Trust Re-elects Officers And Directors

American Trust Company at its Annual Stockholders' Meeting on Tuesday, January 26, in San Francisco, re-elected all directors and officers.

President James K. Lockhead reported that the year 1953 was one of continued progress for the bank and reflected the over-all stability of the regional economy. Deposits, investments and loans increased in keeping with the general prosperity of business, industry and agriculture in the fourteen-county area of Northern California served by American Trust Company's 82 banking offices.

Deposits rose \$28,000,000 to a new high of \$1,197,772,363. Aggregate commercial and real estate loans outstanding at the end of 1953 were up \$32,086,482. The amortized book value of securities in the investment account at the year-end was \$456,305,000, an increase during the year of \$20,979,000.

Net current operating earnings were \$5,512,000 as compared with \$4,874,000 for the previous year. After non-recurring items and the transfer of \$500,000 to loan valuation reserves, net profits amounted to \$5,110,000 compared with \$4,237,000 in 1952. Total valuation reserves stand at \$10,550,000.

Capital, surplus and undivided profits at the end of 1953 were \$68,381,000, an increase of \$3,256,000 during the year. Of this increase, \$2,310,000 came from retained earnings and \$946,000 from the sale of 31,294 shares of additional stock.

At the 1953 Annual Meeting stockholders approved a proposal to split the bank's stock on the basis of two new shares for each one then held. This increased the outstanding capital stock to 1,968,706 shares which was then rounded out to 2,000,000 shares. Total dividends of \$2,800,000 were paid on the capital stock in 1953, which was at the annual rate of \$1.40 per share on the stock.

Christian Science Lesson-Sermon

That increased wisdom and capability are available to all through obedience to God's spiritual laws will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Mind" includes the following admonition of Moses:

"Hear, O Israel: The Lord our God is one Lord; and thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deuteronomy 6: 4, 5).

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following:

"Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capabilities of being bestowed by immortal Mind" (200: 4).

The Golden Text is from Romans: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!" (11:33).

Los Gatos Votes For More Classrooms

A \$290,000 school bond issue was approved by 2 to 1 vote recently for new classrooms at Los Gatos schools. Harrison Walker, board chairman, said construction of four new classrooms at the Daves Avenue School will get under way within sixty days but doubted if they will be ready in time for the September opening of school.

There are four schools in the district and there is an abundance of pre-school children coming along for the 1954-55 primary class.

Members of the San Francisco Bar Pilots Association maintain a round-the-clock watch at the pilots' offshore station about eleven miles outside the Golden Gate where they meet incoming vessels.

California counties began establishing hospitals after 1855 when the Legislature empowered them to levy taxes for that purpose.

Rev. Tremayne To Attend Meet

Rev. Ernest W. Tremayne, pastor of the Cambrian Park Methodist Church will be among those attending the Governor's Citizens Study Conference on Children and Youth to be held in Sacramento Feb. 25th and 26th.

The project of the Conference will be in sections, formed around four major areas consisting of the California Family 1954; Children and Youth in Trouble; Children and Youth With Special Needs; Children and Youth; Dependency and Neglect.

In issuing invitations, Governor Knight stated, "In view of the demands upon all aspects of city, country and state budgets, it is important that we find ways of preserving essential child welfare and services. It is my hope that this conference will focus special attention on California families and will consider the strength in present day family life as well as the problems facing most of our families in rapidly growing communities."

Lions Club To Sponsor Speaking Contest Here

The Campbell Lions Club is participating in a nation-wide speech contest for high school students, topic being "What the Constitution of the United States Means to Me". The contest offers cash and scholarships for national winners and cups and cash for district winners. The preliminary contest is scheduled for March 2, the local winner subsequently to be heard at the Lions Club.

Advancing to the state contest, the winner then qualifies for national honors and scholarship in any college of his or her choosing.

Coral Bells For A Perennial Border

Coral Bell is one of the most desirable perennial border plants. With its striking display of bright red bloom it is literally blinding in its mass display of color during its blooming period. For the balance of the year the low dense foliage forms a neat defining line to delineate the contour of the bed. The leaf is attractively marked with a grayish white pattern that is noteworthy and which lends interest in the planting throughout the year.

If you wish an adequate show of color this year Coral Bell plants should be set out now, according to the California Bedding Plant Advisory Board. Also they need cool growing weather to develop good root growth that will withstand next summers heat with a low amount of die out.

Set Coral Bell plants about 8" apart for border plantings. The coral red doesn't work too well in many color schemes so companion plant material is best limited to white, yellow and shades of blue.

Soil type is of little concern, but a fairly sunny location is imperative for good bloom. Root growth is limited and the plants will withstand considerable abuse. They will find favor for crowded planting areas or where the planting tends to be trampled underfoot or allowed to dry out—such as curb plantings, service areas or pathways with careless passersby.

Coral Bell plants are true perennials and are good for years of service. About every third or fourth year the clumps should be thinned down or divided. Care should be taken to control root aphids but otherwise Coral Bells are fairly insect free. A top dressing of steer manure each fall is sufficient fertilization.

Nutmeg is the seed of a peach-like fruit of a tropical evergreen tree.

Orrin Cross Winner Of Speech Contest

Orrin Cross, president of the Public Speaking Club at the Campbell Union High School received a portable radio as an award as district prize winner in a speech contest held under auspices of the Chamber of Commerce. Title of the speech, "I Speak for Democracy" and the talk was recorded and sent to Redwood City where, with 24 other contestant voices from the Bay area, it was sent on to Sacramento.

U.N. Group Formed In Los Gatos Area

Rev. Robert Benefiel is president of the newly organized Los Gatos area chapter, American Association for United Nations with Mrs. M. A. Cutten, secretary; Carl Thorsby, treasurer; Mr. and Mrs. John Lang, publicity. The chapter embraces the entire Santa Clara Valley. Information center is at the Methodist Church in Los Gatos and the next meeting, February 17th, is to be held there.

SPEAKING OF WATER

Dear Consumer:

Close by every sizeable California community there is a piece of land which someday will be criss-crossed with streets and bustling with the daily activities of family life. Today this land, in all probability, is devoted to agriculture of some sort. Months or years hence it will be a thickly settled subdivision.

But no new homes ever will be built on this land unless one priceless ingredient is available—water service. The streets might be paved, the homes erected, the sidewalks laid, but there would be no residents unless the householders could turn on their taps and be assured of ample, pure water for domestic use.

We of San Jose Water Works take justifiable pride in providing this vital service, thus making possible the growth of the community we serve. Every day our engineers and operating personnel are in conferences with builders and contractors, working out plans for serving new homes.

We stand ready to meet the water needs of the expanding community in our service area. We make no distinction as to whether the new subdivision is within the corporate limits of the community or outside the city boundaries—as often is done by municipally owned systems.

Each year finds us investing additional hundreds of thousands of dollars to keep apace, that is ahead, of the increasing demand caused by the vast activity in new home building. Our job is to be ready to serve the proud new home owner before he takes occupancy.

So you can see that by being prepared to furnish water service when needed, San Jose Water Works is making an essential contribution to the growth and progress of the part of the Santa Clara Valley in which we operate.

Sincerely yours,
Charles B. Parbury
Vice-President and Manager

Sno-Cats stalk trouble in the mountains. High in the snow country of the Pacific West, winter blizzards are fierce and frequent. Here motorized Sno-Cats help telephone crews roll out fast to stop trouble before it can interrupt service. The powerful "Cats" carry 6 to 8 men comfortably, cruise over the snow and ice at speeds up to 25 miles an hour. Using these vehicles instead of skis or snowshoes, our mountain crews patrol vast areas faster. They can spot such potential troublemakers as leaning poles, broken branches, wires buried in towering snow drifts. By saving valuable time and helping prevent trouble, the Sno-Cat helps us cut costs, hold down the price of telephone service to you. Pacific Telephone works to make your telephone a bigger value every day.

In a lively session, in the Orchard City grange hall decorated in the Valentine motif, Martin S. Walsh, overseer, discussed the Pomona Grange resolution on widening San Jose-San Martin Highway, the allocation of parimutual betting at the County Fair, and the State grange convention which may be held in San Jose. Grangemaster A. J. Emery presided.

Also discussed at the last meeting of Orchard City Grange was Mervin Keesling's report of the Grange Hall building committee of which he is chairman.

Estimates from contractors and architect were reported and discussed and it was decided to call a special meeting in the future to further discuss plans, funds available, and the use of the Grange lot in Campbell which was originally intended to be used to build a new Grange Hall.

Emery announced that the Grange Charter will be draped for 30 days in mourning for Charles Gardner, High Priest Emeritus of the Assembly of the Demeter of the national grange who died recently in Springfield, Massachusetts, following 57 years of service and devotion to the Grange.
